### The Russian FDI stock in Finland

(€ mn)

Russian FDI stock in Finland has grown but the growth has been slower than that of EU countries, and as a consequence, the share of Russia has dropped from 4% in 1994 to 1% in 2011 in Finland's inward FDI stock.

Some publicly-known Russianowned firms in Finland: Teboil, Gasum, Suomen Petrooli, Norilsk Nickel Harjavalta, Delta Motor Group, RAO Nordic, Sekom Trading

... some 2000 firms with the Russian citizens in the BoD - very small and a number of inactive firms substantial.
